

# Laughton J and I School - FS 2 Newsletter - Jan/Feb 2018

**Welcome back!**

**Thank you for the cards and Christmas presents.  
We hope you all had a lovely Christmas.**

**Our Topics this term...  
Zoom to the moon!  
Rockets  
Shapes  
Measuring**

Our topic this half term is 'Zoom!' We will be reading stories and doing activities about space, aliens, planets, stars and the moon etc.

## **Chinese New Year Year of the Dog**

We will be talking about Chinese New Year, looking at artefacts, doing different activities, making things and eating Chinese food.

If any parents would like to come and be a surprise reader at story time, please see a member of staff. It can be your child's favourite bed time story!

We were so proud of the children before Christmas. They performed brilliantly at our nativity. We also had a lovely time at our Christmas party. Thank you for all your support.

## **Stargazing**

As part of our topic we will be talking about the night sky, the moon and stars. Please encourage your child to look at the night sky and talk about what they see. What shape is the moon? Is it always the same? Look at the stars. You could try the app 'Star Walk' to look at the stars.

We would like to say a huge **THANK YOU** to Ava's mummy and daddy for raising the money for our new equipment. We have bought some amazing new instruments and the children have **LOVED** using them to make music!

If you have any worries about your child in FS 2, however small, please speak to a member of staff.

Please could you put names in cardigans, jumpers, hats, coats and on water bottles.

We have turned our role play into a space station and rocket. The children have been making up their own fantastic space adventures. Look out for the rockets we are making using 3d shapes!

## **DATES:**

Mon 12<sup>th</sup> – 18<sup>th</sup> Feb – half term  
Thursday 1<sup>st</sup> March – Bags2School collection  
(further details to follow, please save your unwanted clothing)
